He smells so fine! ...

Maybe because his legs are long?

I have so many questions ...

But all I can do for now is...

Just follow him.

What's the name of the color of that hair ?

I guess that's "skin color" on his face. Ugh...

... I am so curious that it's driving me crazy.

This is my class..

Ah. ... yeah?

Mine's 10....

I see.
See you later.

Uh, uh -

It seemed like they weren't that close. I mean it felt like there was a wall between them.

As if ... they wanted to say something but could not for some reason.

He's in a different class...
I was hoping to be in the same class...

Since I've come this far,

Just exit him ??

Um ....

Ex Cus e me...

Yes?

H... hello?

W, well, you look different...

You ran into me a whole ago, remember?

Ah, my name is Hui-Ne, you=s??

I, I think I heard your name a moment ago. It was Yunbi? Or not ?
My hearing isn't perfect.

Anyway, can you tell me why you look different?

... Crap.... what was that gibbering ...

Who are you again?

I fear that might happen ...

Well, with a face like that and having a celebrity friend ...
I guess he's a son of a rich family or somethin'...

From his point of view,
I am probably nobody...

She continued to wander around in her own world...

Hey you !

I was walking vacantly...

And he approached me all of a sudden.

You were taling to ...

Yunbi a bit ago, right ?

W, what ....

It's N ...

I watched him often on TV ... because he showed up a lot.

But I wasn't really paying attention to him ...
I knew he went to the same school and he was of the same age. Those were it.

From what I've seen him on TV ...

He would take his skirt off for no apparent reason ...

And he was mostly singing farewell music among literally naked girls.

It like he was acting hard to show core of his soft side ...

But I felt it was all act and his act wasn't really good.

And his smiles and laughes on TV shows and interviews felt like all fake...

So, to be honest,
I wondered why he became so popular ....

Or so I thought ...

Seeing him at a close distance like this...

He IS handsome.

I mean he isn't exactly handsome but I feel like he has some different ... aure about him...

Ah, sorry.
I wasn't listening...

Anyway,... I noticed this a while ago ...

Huh? What ?

Why are you following me ?

Huh ?

What ...?

I did follow ... but it wasn't you.

Don't act like you don't know.
I was watching you.

Did you take pictures with your phone or a digital camera ?

What are you talking about ?!

No?
I can search you, can't i ?

Why is he so pushy ?!

No...

No !!!
